Our mission

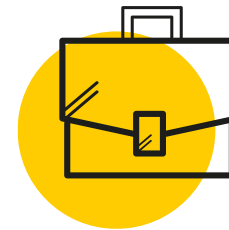

Empowering motivated people around the world to **fulfil their potential** by fostering:

international
mobility

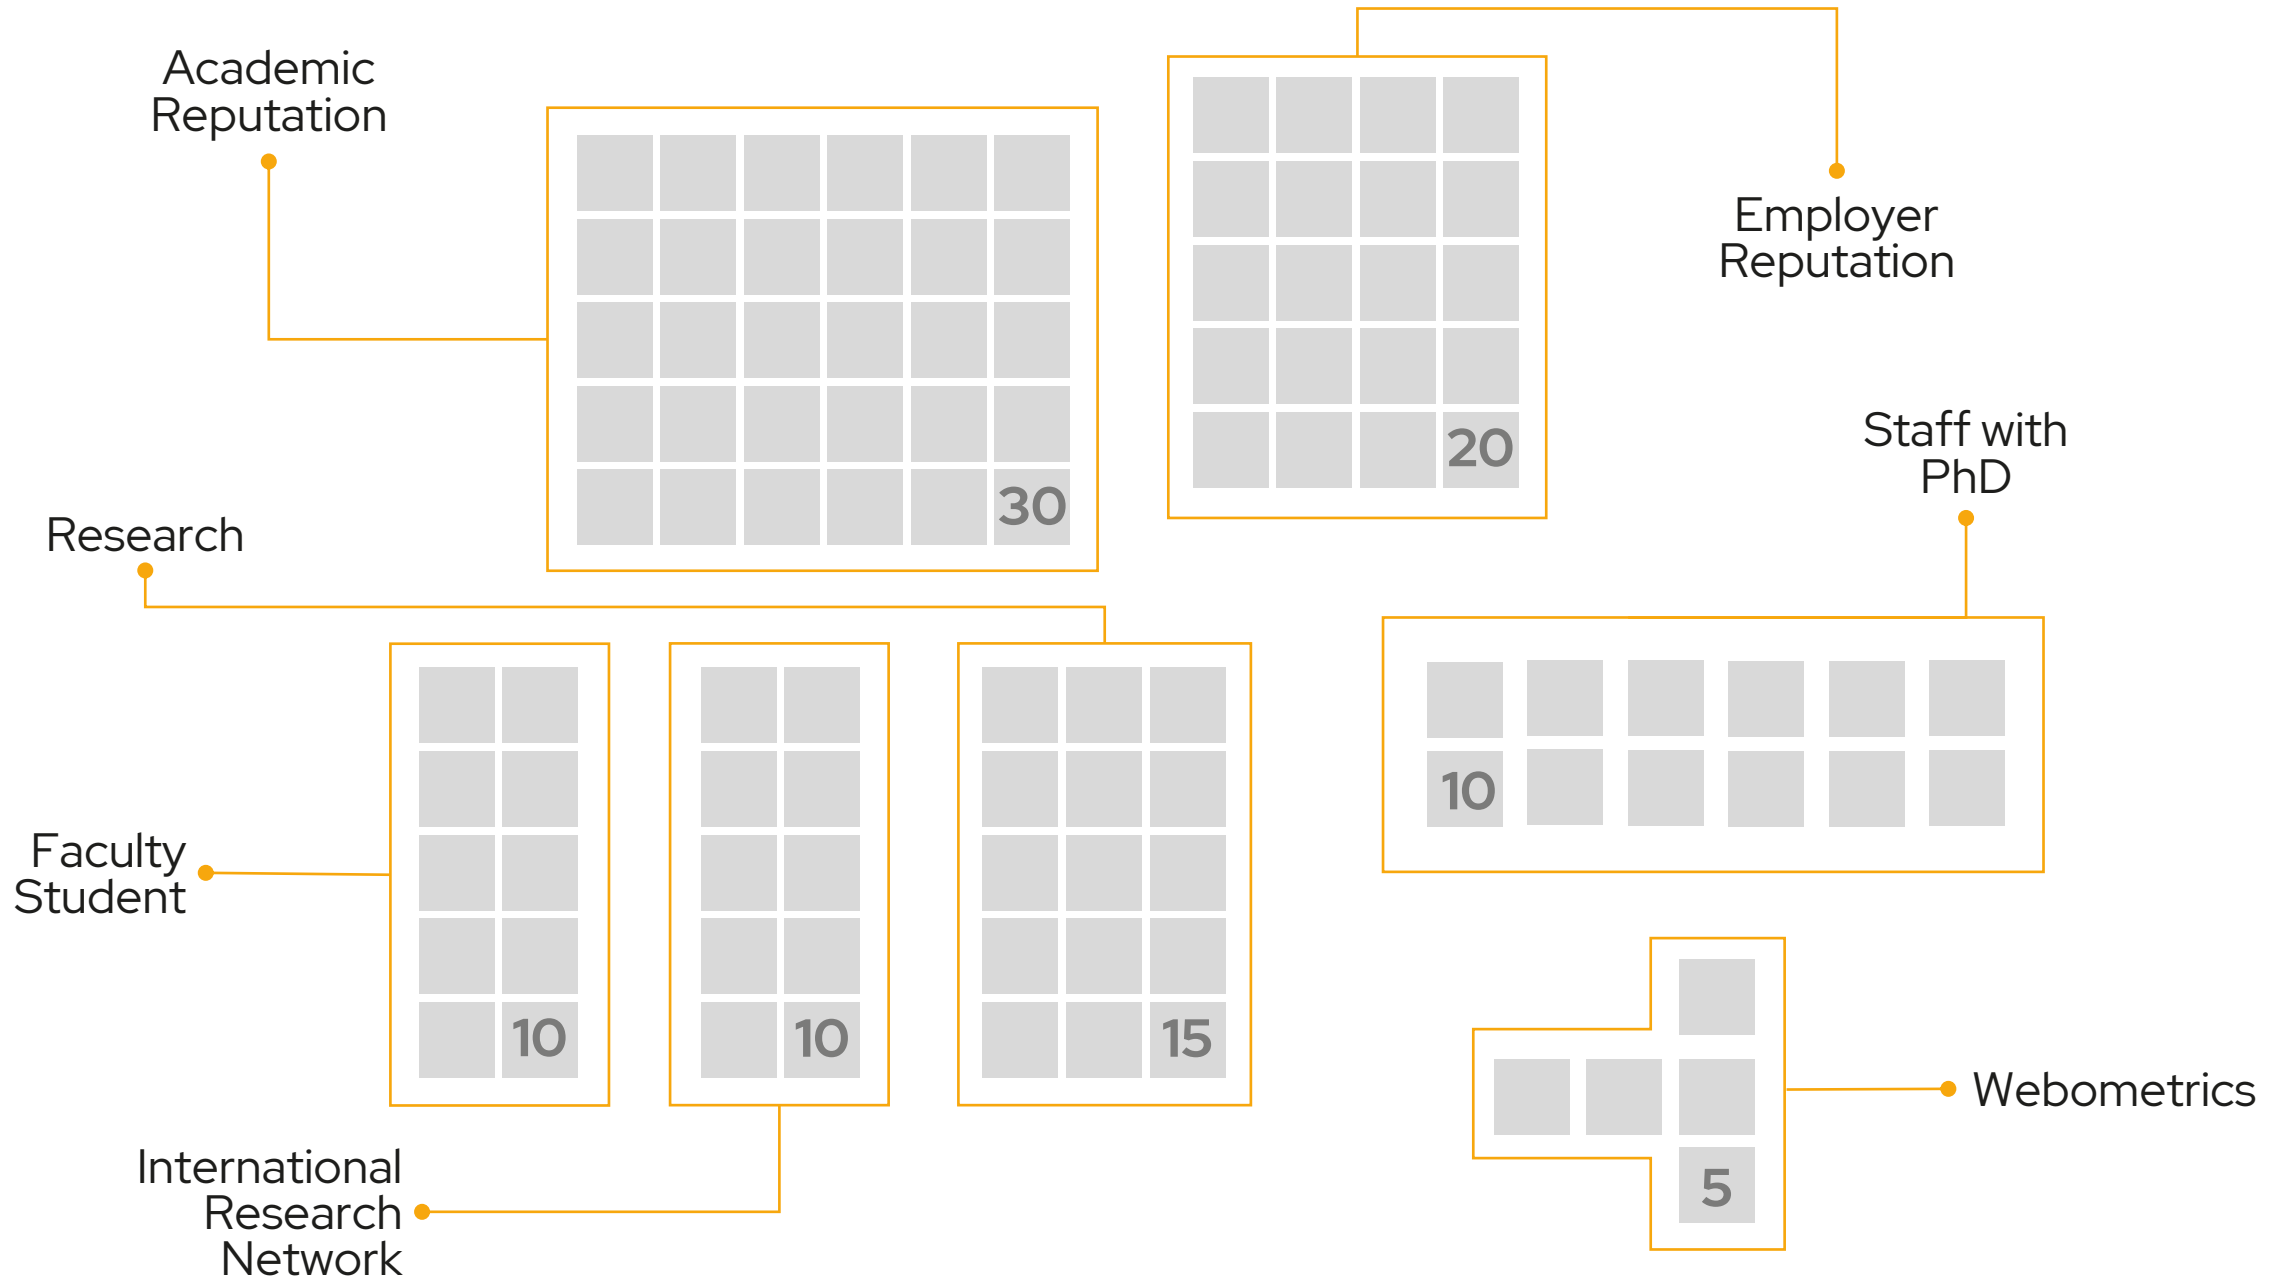

educational
achievement

career
development

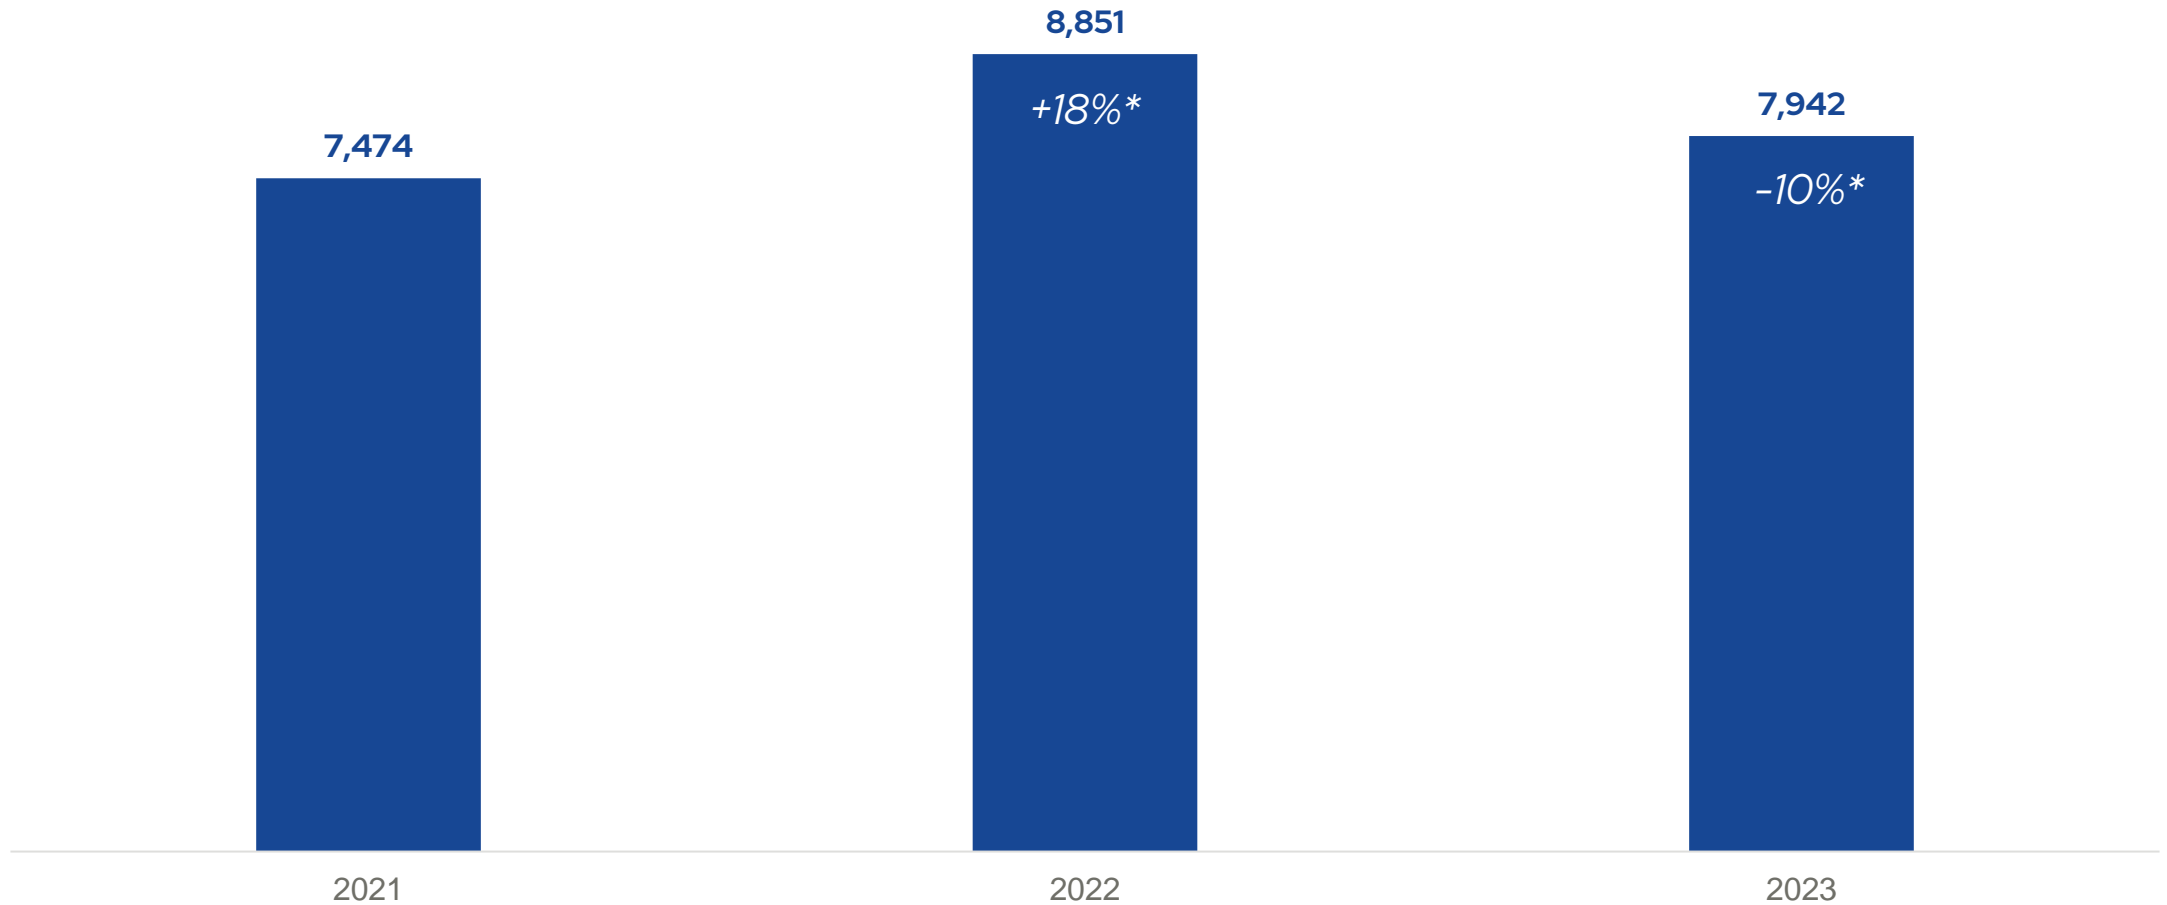

Methodology

Reputation

Latin America Academic Recognition

Year-on-year change in university nominations

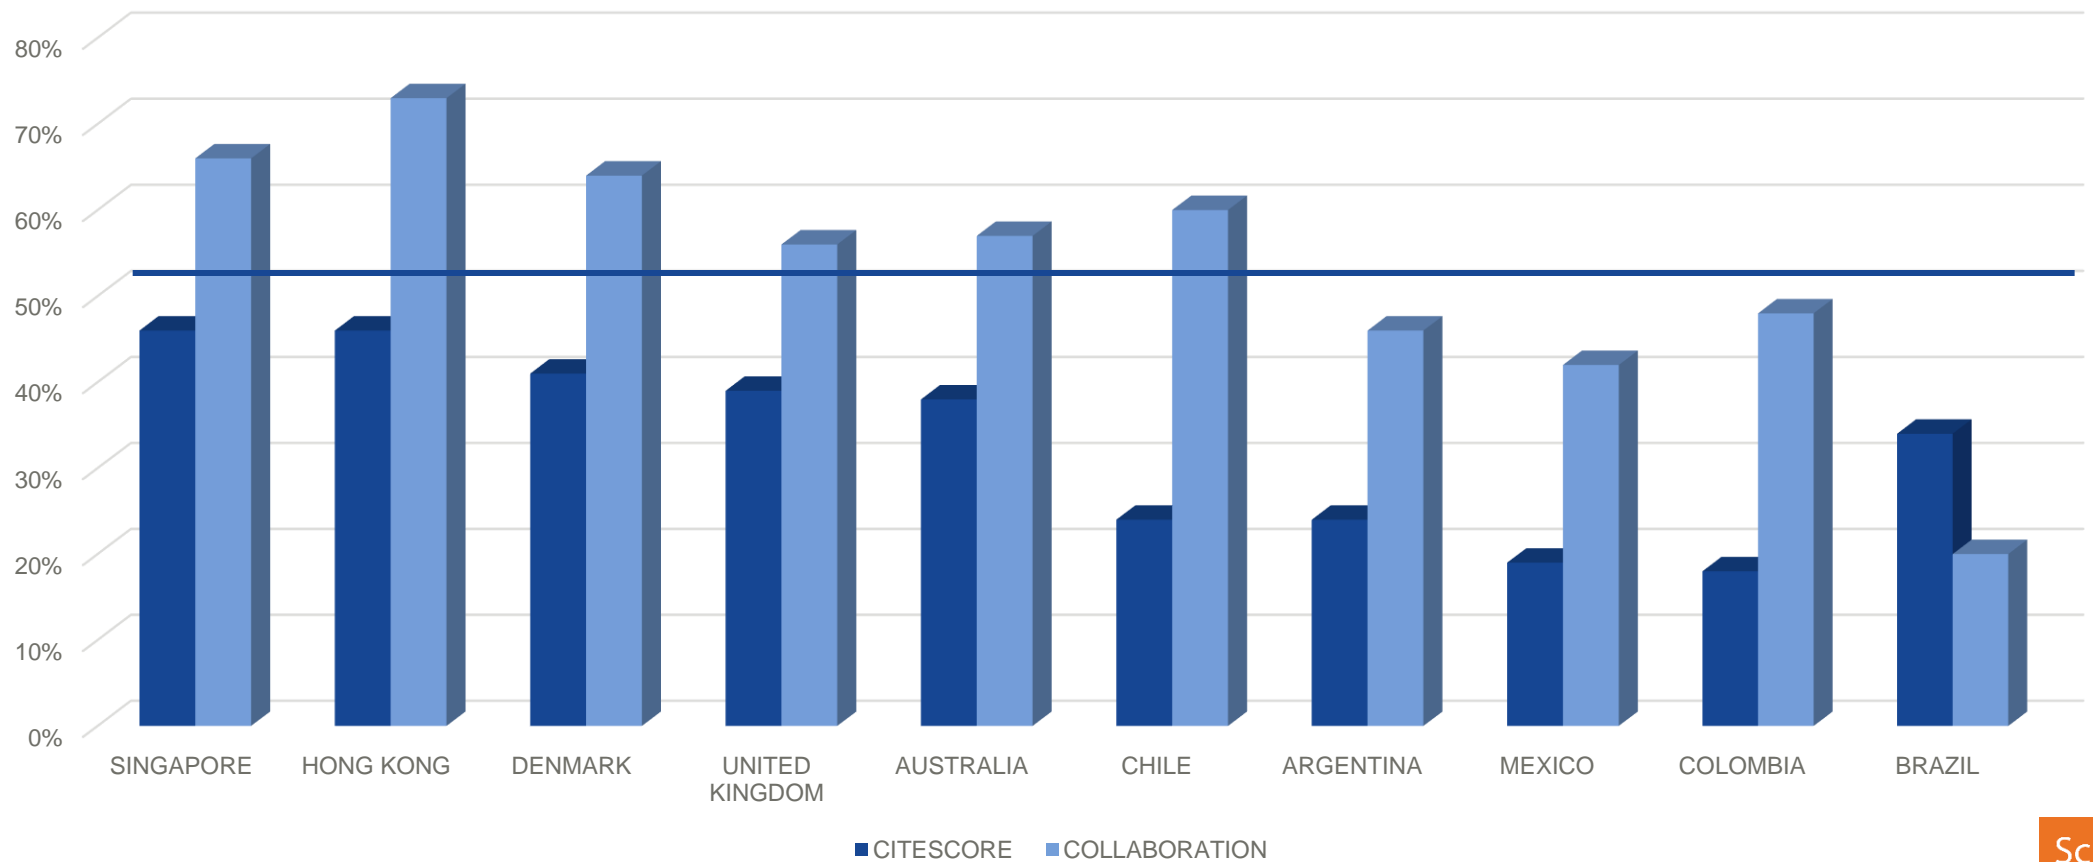

* Indicates year-on-year change

Research

Global & Regional Research Prestige

International Collaboration & Publications in Top Journals

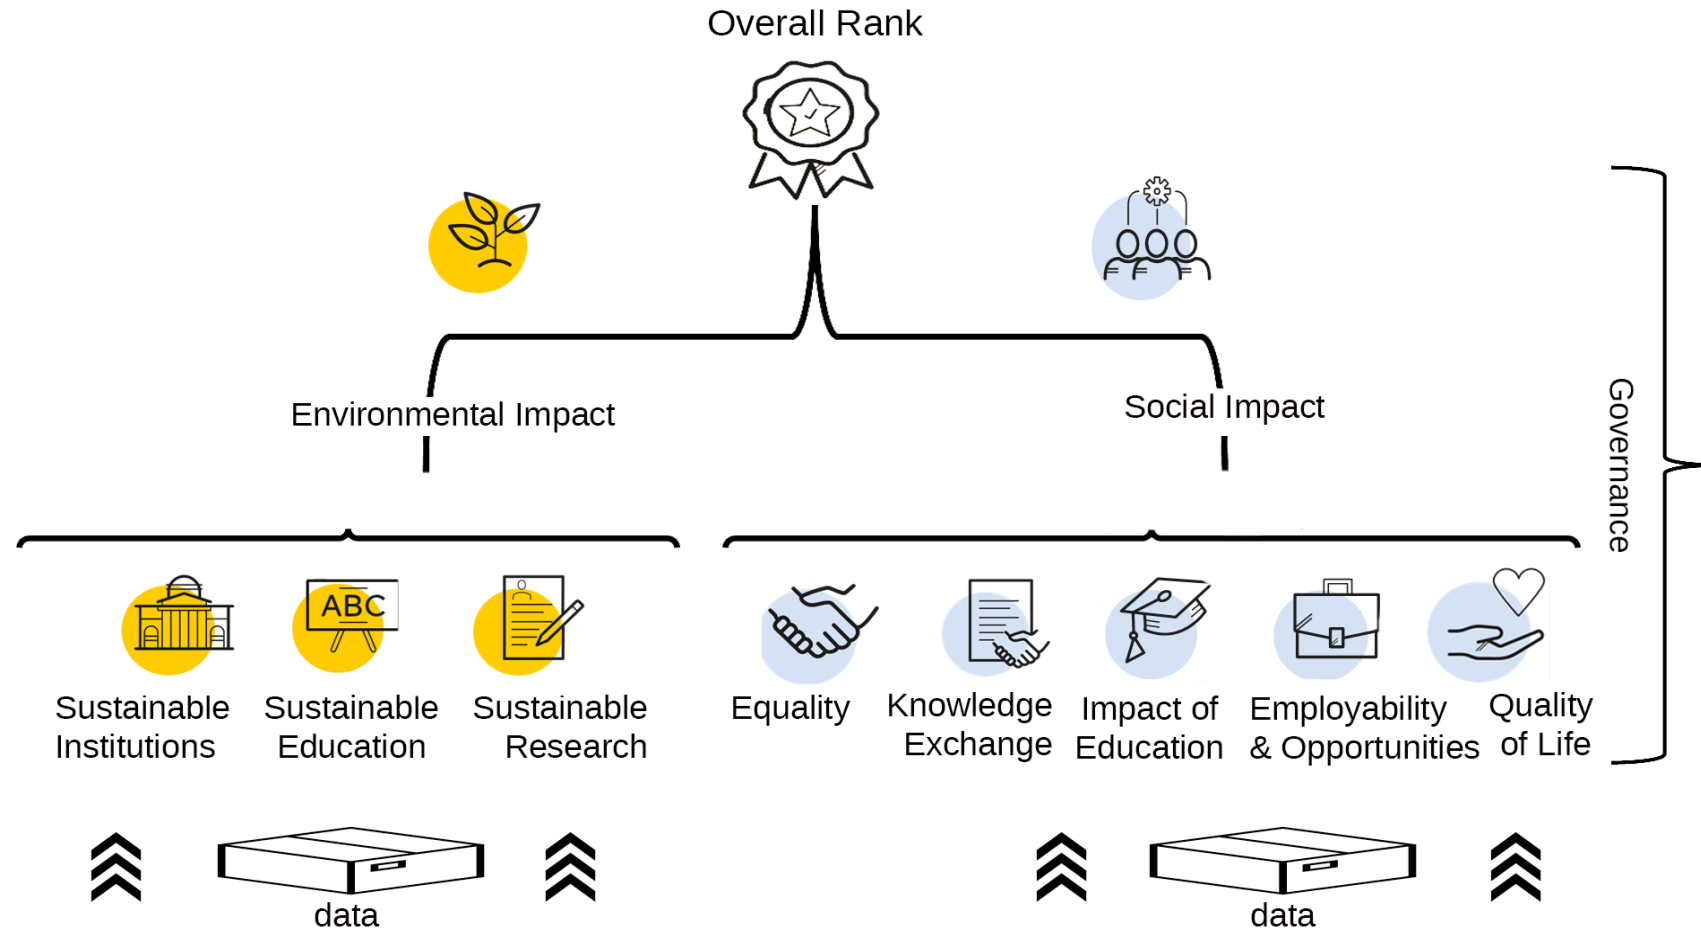

World & Regional Comparison

QS World University Ranking

- 2019 QS WUR – Top 500
- 17 institutions from Latin America
- Average score = 38.7
- 2023 QS WUR – Top 500
- 23 institutions from Latin America
- Average score = 23.7

Increased competition and the addition of new universities each year is proving challenging for the Latin America region to maintain place in the Global ranking

Measuring Sustainability
